Use Zones

Movement Zone – The area that the equipment covers when it is in use.

Clearance Zone – Three feet measured from the perimeter of the equipment and or the Movement Zone. The Clearance zones may overlap. Equipment must be a minimum of 3 feet apart measured from the surface of each.

Access Zone – One of each type of equipment must be accessible for the area to be considered accessible. The minimum width of an accessible route of travel is 60 inches. The outer ring is 60 inches from the perimeter of the equipment or the movement zone. At least one side of the piece of equipment should be a minimum of 60 inches wide to consider the equipment accessible.

These use zones are recommendations only.

2-Person Leg Curl Machine

SKU: GR2005-1-100

This is **Adult Outdoor Fitness Equipment** not intended for use by children and should not be installed in play areas. Adult outdoor fitness equipment is not covered by ASTM F 1487 and there are no current standards for Adult outdoor fitness equipment. Greenfield Sport Parks makes every effort to provide safe and durable products and will constantly seek ways to improve our products.

Fall Surfacing - Impact Attenuating fall surfacing is not required for Adult outdoor fitness equipment but for ADA/ABA compliance the route of travel must be a firm and stable surface. Grass is not an accessible surface. Recommended surfacing materials are Decomposed Granite, Concrete, Bonded Rubber or Poured-in-Place Surfacing. Engineered Wood Fiber should not be used with this equipment.

Product development is an ongoing process. For this reason we reserve the right to make modifications in the form of product improvements on all products. This product may not be mirrored, scaled or altered in any way.
